All colours of Corian® Solid Surface sheets (6-19mm) meet the Euroclass C,s1,d0 reaction to fire standard.

•B: designates material with superior fire safety performance meeting Euroclass B,s1,d0 standard

D: deeper, more intense and durable colour, improved wear performance and easier thermoforming, seaming and finishing

E: available in Fire Retardant grade (Euroclass B, s1, d0) and suitable for exterior cladding applications

E*: available in Fire Retardant grade (Euroclass B, s1, d0) and suitable for exterior cladding applications based on special request to your local supplier

K: for applications in kitchens and other environments with intense/heavy use (only less noticeable marks may appear and be visible under specific lighting conditions)

R: contain recycled material

*This list is valid from May 2026, until further notice.
